Experience The Difference

Applied Learning

Our unique pedagogy is backed by differentiated and applied learning. Woxsen ensures that theory lessons are put to practice on the field through summer internships, state-of-the-art labs and live projects. This prepares our students to prosper in the real-world scenario.

Global Exposure

We provide International Student Exchange opportunities across leading Global Universities. This broadens the students overall perspective, enhances the understanding of the nuances of the global industry and helps them discern new opportunities.

Expert Faculty and Industry Leaders

Top-notch teaching faculty coupled with Lectures by Industry leaders make our students Industry ready. Our teaching methodology and curriculum focuses on skill development, helping our future thought leaders bag the right career opportunities.

Nurturing Entrepreneurs

At Woxsen, disruptive ideas by budding talent are given the wings to fly. With the help of incubation centres, dedicated mentorship and rich network students can bring their innovative ideas to life.

Cutting-Edge Infrastructure

Woxsen's Hyderabad campus, which spans 200 acres, includes cutting-edge labs, high-tech classrooms, and contemporary recreational and residential facilities. This setup creates an inspiring atmosphere for fostering creative learning. It is here that our tech-enthusiasts are nurtured to be new age, tech-driven and global.

School of Architecture

Accredited by Council of Architecture (COA) and Ranked #5 All India Top Pvt. University, National Impact Ranking IIRF 2021. Woxsen School of Architecture and Planning provides elite architecture education and a supercharged competitive environment training students to design and build sustainable, innovative, and modern physical structures.

We are one of the few architectural colleges in Hyderabad to bring an innovative blend of teaching methodologies. Our distinctive architectural pedagogy inculcates intensive classroom, teaching, workshops by global leaders, field visits to architectural marvels across the country, computing and three dimensional modelling and exposure to world-class construction technologies. This presents the students with 360 degrees exposure to all the nuances of architecture. On graduation, they are ready to step into the world of architecture!

Bachelor of Architecture (B. Arch)

The five-year Bachelor of Architecture (B. Arch) program encompasses a comprehensive learning experience (TLE) spanning 10 semesters. Students in architecture engage with fundamental subjects such as Climatology, Lighting & Acoustics, Building Services, Estimation & Costing, Strength of Materials, Surveying, Computing in Architecture, Project Management, and Urban Planning. The curriculum aims to cultivate expertise in Ideation, Mapping, Estimation, Costing, Surveying, and Construction Oversight.

Our instructional approach integrates traditional classroom teaching with studio design, hands-on training, workshops, computing, and three-dimensional modelling. The state-of-the-art Design Studios are crafted to facilitate experiential learning, enhancing the overall educational experience.

BE MORE INTRICATE

The B.Arch teaching plan incorporates practical elements such as field visits to explore the architectural heritage of the country, exposure to diverse construction technologies, and opportunities to learn from global leaders in sustainable architectural practices. This multifaceted approach significantly contributes to our students' ability to carve out a distinctive niche in their careers. This enables our student talent to work as successful Architectural Engineers, Historians, Art Directors and Researchers.

FEES, SCHOLARSHIPS & FINANCING OPTIONS

Woxsen offers 2 Types of Scholarships of upto 50%. In the academic year 2023, the university awarded scholarships worth **INR 40 crores** across various programs.

Merit Based Scholarship:

This scholarship is awarded to candidates with exceptional academic records, demonstrated through previous academic achievements, composite entrance test scores, and overall performance.

Sports Scholarship:

This scholarship is granted to student-athletes who demonstrate exceptional skill and promise in sports. It aims to support talented athletes in pursuing their academic and athletic endeavours simultaneously. The scholarship also provides them access to professional standard facilities at Woxsen's **60 acre sports arena**.

STUDENTS SPEAK

Shreya Atasnia
B.Arch

My experience at Woxsen as an architecture student has been a mix of rewards and challenges, but I've also learned a lot of wonderful things that have contributed to my growth. I feel prepared and confident to face the future because of the environment at Woxsen University. It truly is my home away from home since Woxsen University constantly gives me the best possibilities and facilities, whether it involves academics, interacting with my peers, or participating in sports.

Shivani Kalva
B.Arch

I'm grateful to be studying my Bachelor's degree at Woxsen, where every professor is approachable, friendly and dedicated to the growth of each student. The faculty is top-notch and I feel fortunate to be learning from such accomplished experts. At Woxsen, education is not just about academics, but also about holistic development and mental well-being, which is evident in the way they prioritise student's mental health. Moreover, the residential facilities here are so exceptional that I never feel I'm away from home.

Chandini Dunna
B.Arch

We are inspired to engage in a wide variety of activities because of the environment at Woxsen University. The study of architecture requires a lot of practical knowledge and is a step-by-step approach. The commitment of the mentor and student depends on how well they are learning. Woxsen offers cutting-edge studios and educational excursions through which we get great hands-on experience.

ADMISSION PROCESS

Studying at Woxsen University gives you the opportunity to gain knowledge, skills, and outlook which you need to reach your full potential. Applying to Woxsen is a simple process that we will walk you through step by step.
