

Ph.D.

Explore the extraordinary

Personalised Mentorship

One of the key features of the Ph.D. program is the personalised mentorship that each scholar receives from their Ph.D. Supervisor and the Research Advisory Committee. The Centre for Managerent Research at Woxsen is a dedicated research centre that supports the scholars and their supervisors with various rese- arch facilities and resources.

Multidisciplinary Exploration

Among the many benefits of studying at Woxsen is the opportunity to explore different disciplines and special- isations. You can choose from four diverse specialisa- tions that cover impactful topics thatinfluence the worldtoday and tomorrow.

Centres of Excellence

Woxsen is committed to fostering excellence in rese- arch and innovation and has established more than 60 Centres of Excellence in emerging areas that prov- ide state-of-the art facilities, equipment, and expertise for the faculty and students to conduct cutting-edge research and development.

Research Grants

Quality research is the main objective of Woxsen University. It offers research grants to its faculty and students for conducting & dissemination of research output.

Academic Networking

Insights and mentorship of accomplished professionals and interaction with global academicians help students build their academic network.

Industry Connect

Woxsen exposes you to practical experiences and learning through industrial projects & solving real-life societal problems.

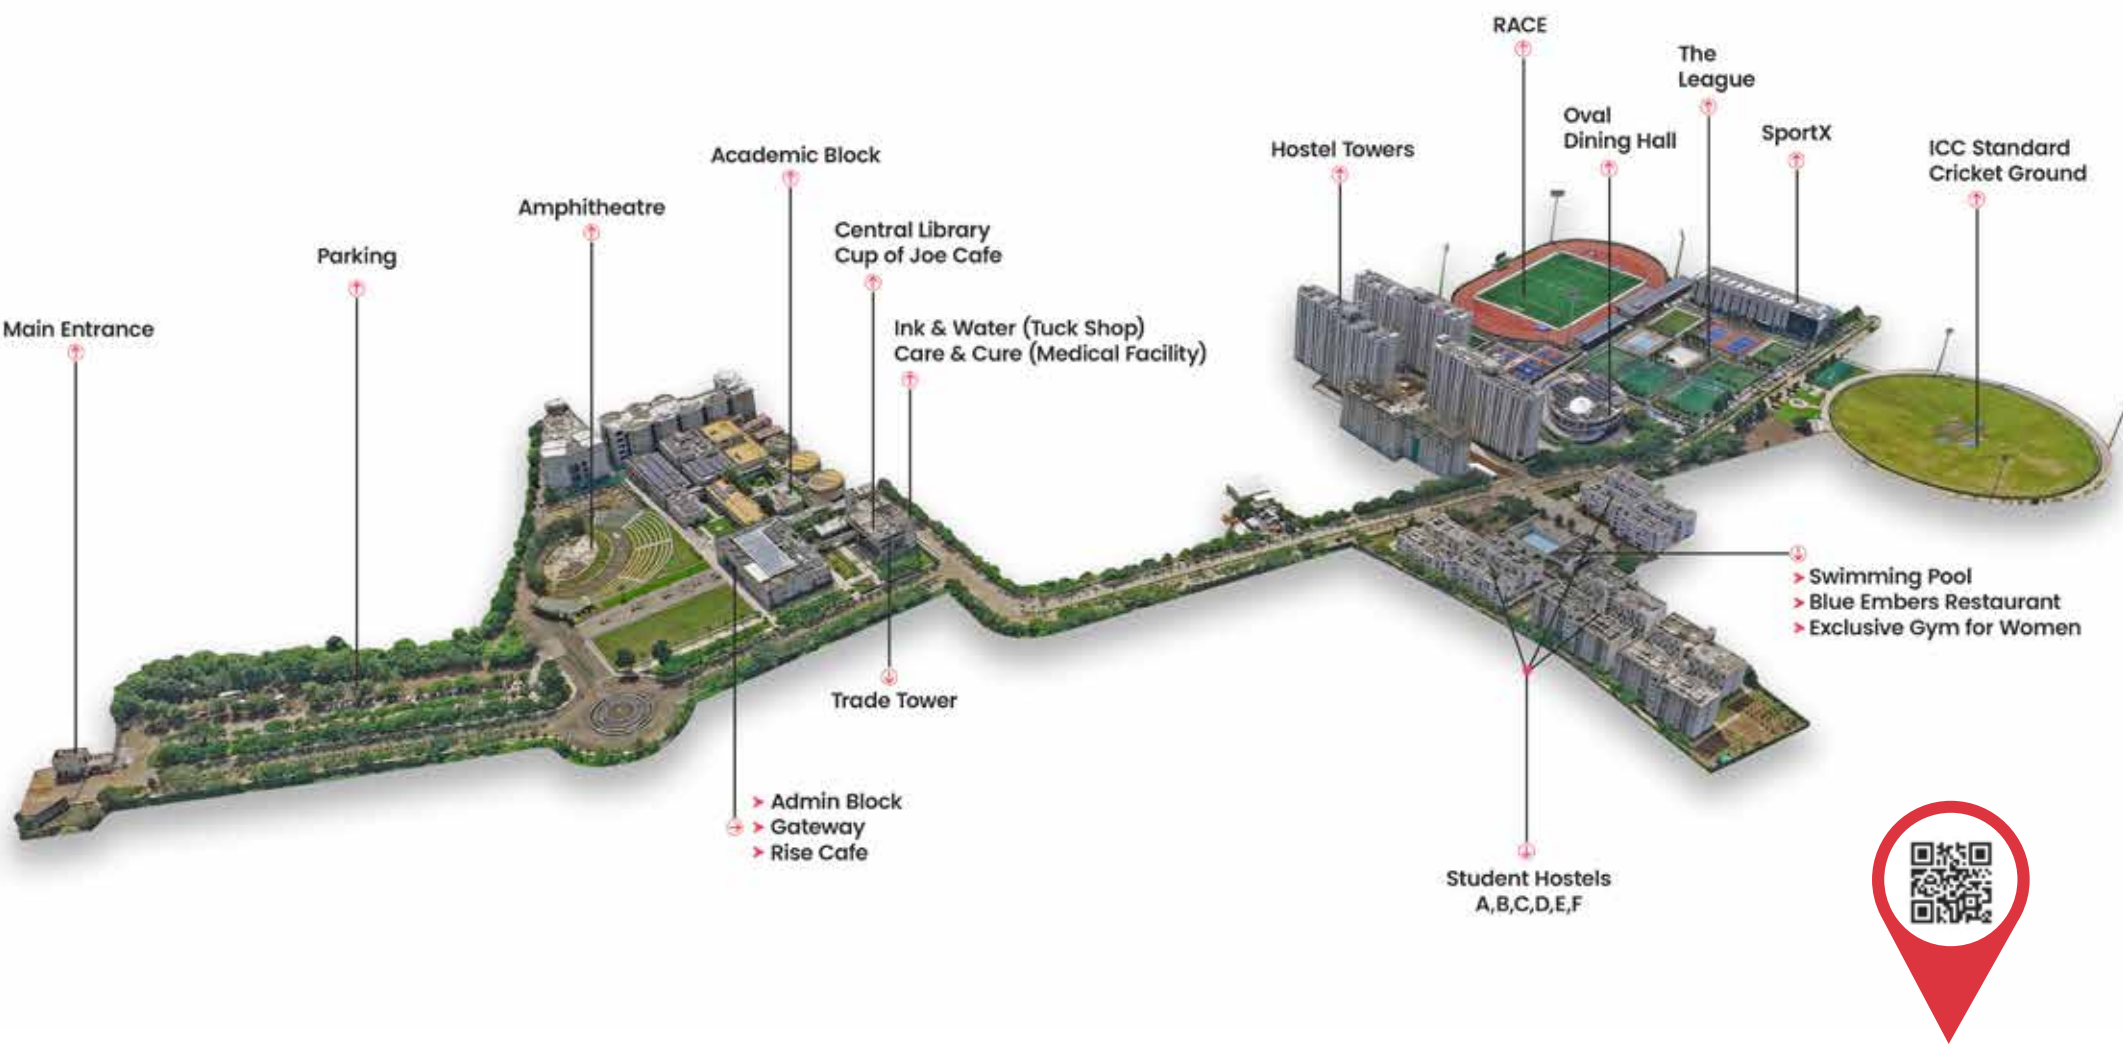

At Woxsen, you are transformed into individuals that are Challenging, Inquisitive and Global in all perspec- tives.

BE MORE IMPACTFUL

Full-Time/ Part-Time 3-4 years

Woxsen's Ph.D. is an ideal choice for those who have a passion for creating new knowledge through rigorous research and contributing significantly to their field of interest. This program offers 6 distinct specialisations including business, engineering, law, architecture, liberal arts & humanities, sciences fostering an interdisciplinary approach. Scholars will have the opportunity to develop strong research skills that will enable them to conduct original and impactful research in their respective domain. Scholars will also be able to communicate their findings effectively and bring upon a positive difference in the academic and professional world.

SPECIALIZATIONS

01

Arts and Design

- Visual Studies
- Fine Arts

03

Business & Management

- AI & Analytics
- Finance & Accounting
- HR & OB
- Marketing
- Supply Chain & Operations Management
- Entrepreneurship
- Economics
- Sustainability

05

Liberal Arts & Humanities

- International Education and Culture Studies
- International Relations and Humanitarian Affairs
- Culture Studies/ Media Studies
- Economics
- Business Studies-Accounting & Finance
- Political Science
- Modern History
- Interdisciplinary Humanities
- Anthropology
- English Literature / Translation Studies
- History

02

Architecture and Planning

- Architecture
- Building Science
- Urban Planning (Participatory Governance in Cultural Heritage)

04

Law

- Corporate and Commercial laws; Criminology and Victimology

06

Sciences

- Physics
- Chemistry
- Biotechnology
- Mathematics
- Nuclear Thermal Hydraulics
- Mechanical Engineering
- Fluid and Thermal Engineering

07

Engineering & Technology

- Blockchain and AI for aviation
- Generative AI and ML for aviation
- IOT
- Nanorobotics
- Materials for Aviation

POTENTIAL TO BE MORE

Benefits for Full-Time Scholars

- Fee Waiver of INR 2.5 Lacs
- Provision of Monthly Stipend of INR 35k for 4 Years
- 100% Subsidy on Food & Accommodation at Campus
- Access to Annual Research Contingency Fund
- Access to Seed Research Grant

Eligibility

Full Time

- Candidates should have completed **2 Year Masters/ PG Diploma** in the related field approved by UGC/ AICTE or from foreign universities as recognized by AIU, with min 55% aggregate or an equivalent grade.
- Candidates should have completed **4 Year UG Program with Research** in the related field approved by UGC/ AICTE or from foreign universities as recognized by AIU, with min **75%** aggregate or an equivalent grade.

Part Time

- Candidates should have completed 2 Year Masters/ PG Diploma in the related field approved by UGC/ AICTE or from foreign universities as recognized by AIU, with min 55% aggregate or an equivalent grade.
- Candidates should have work experience of minimum 3 years.

Program Duration

Full Time

- For candidates with 2 year Masters/ PG Diploma, the minimum program duration is for 3 years and can be extendable to a maximum of 6 years.
- For candidates with **4 Year UG Program with Research**, the minimum program duration is for 4 years and can be extendable to a maximum of 7 years.

Part Time

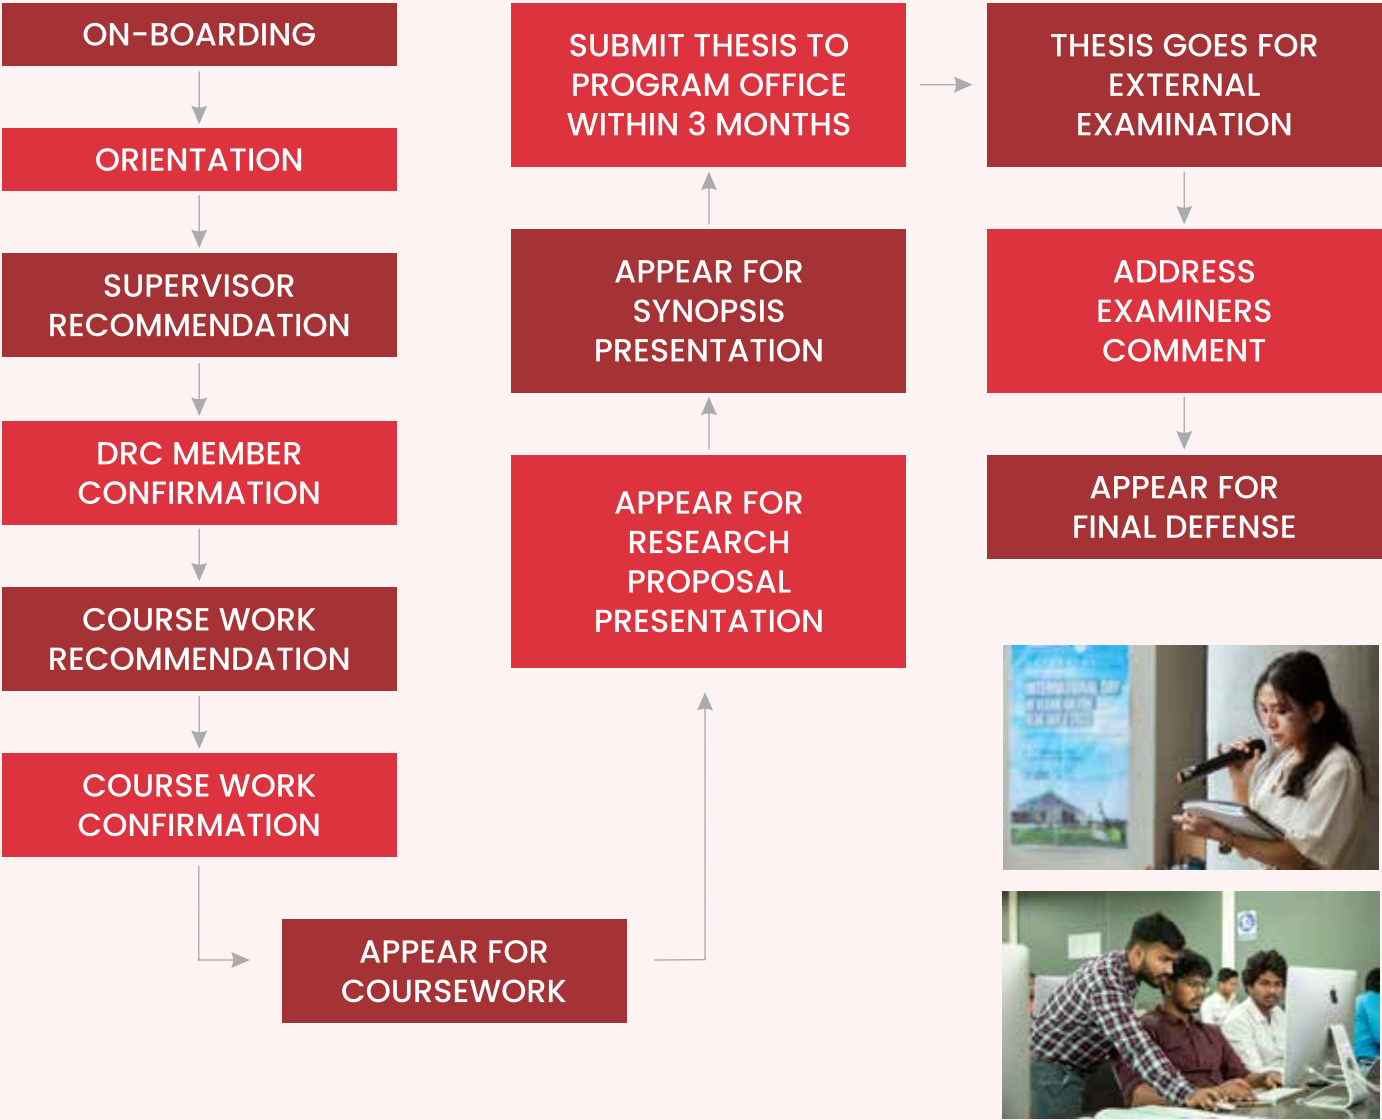

- For candidates with 2 year Masters/ PG Diploma, the minimum program duration is for 4 years and can be extendable to a maximum of 7 years.

Note:

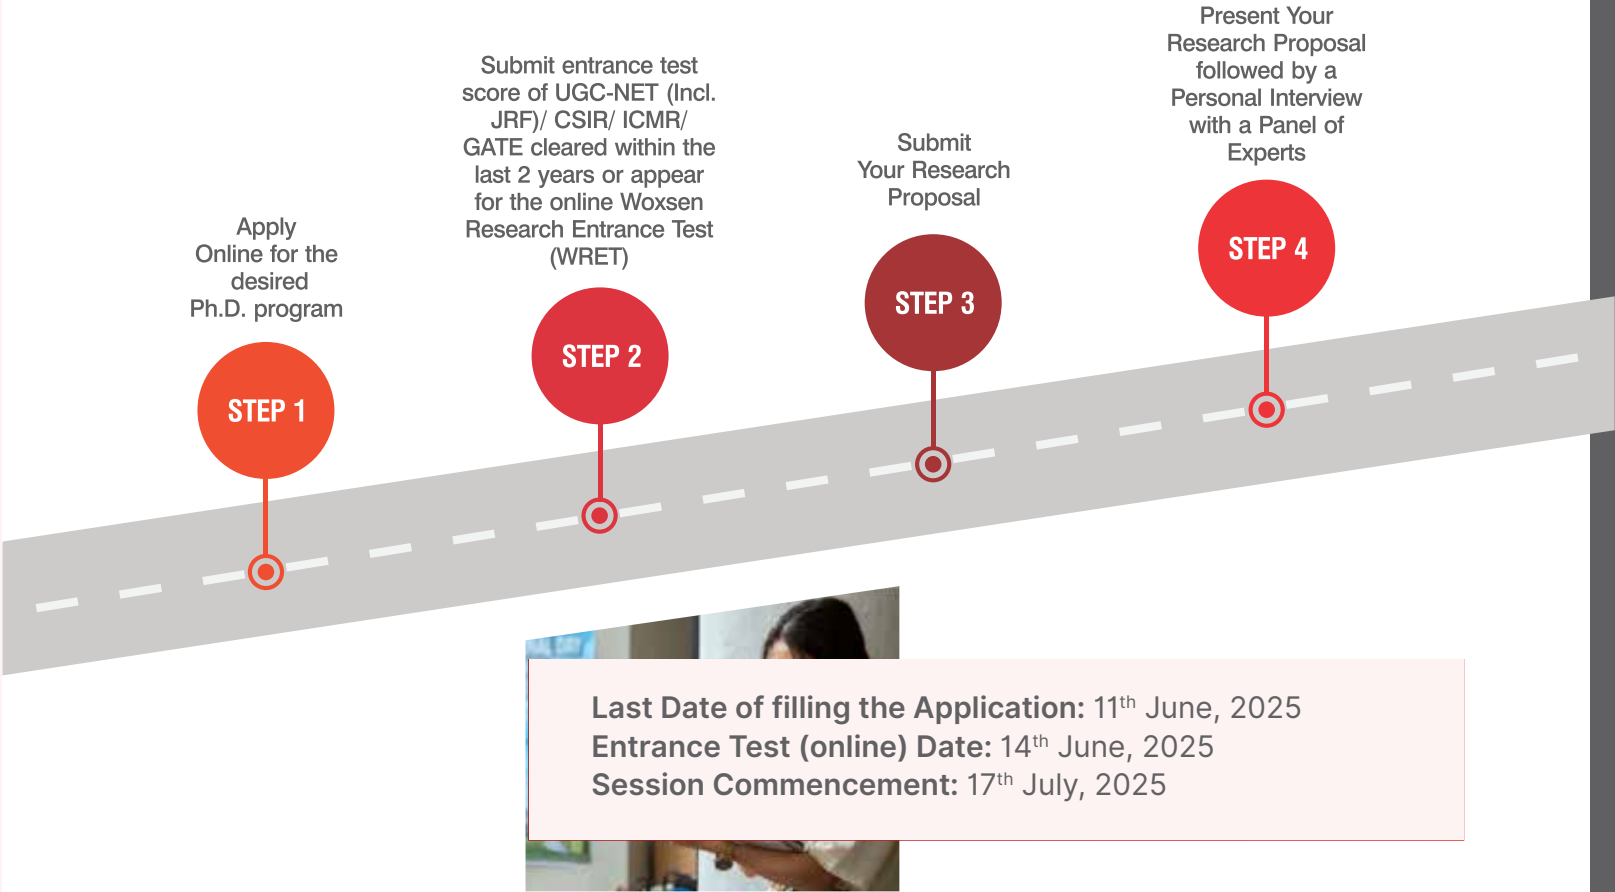

Extension beyond the above limits will be governed by the relevant clauses as stipulated in the ordinance of Woxsen University.

Ph.D. PROGRAM PROCESS

ADMISSION PROCESS

PROGRAM OBJECTIVES

- Provide a progressive learning community where the knowledge base in the respective disciplines is revered, investigated and augmented.
- Establish a cohesive environment to nurture intellectual needs, strengths and interest of the learners.
- Facilitate and mentor advance study, translating them into tangible solutions for the benefit of the society, industry and the environment.
- Enable collaboration & inter-disciplinary approach in research, scholarship, development and practice.
- Enable collaboration & inter-disciplinary approach in research, scholarship, development and practice.
- Foster original finding and discovery to create and contribute to the advancement of knowledge about the nature, policies and practice of the respective discipline.
- Equip and prepare the learners for a career in research, academics, as change agents or for the corporate world, in the chosen areas of Business, Technology, Arts & Design, Law and Sciences.

Research Centres

Valerie Zeithmal Research & Development Centre

The Valarie Zeithmal Research and Development Centre is a testament to Woxsen University's dedication to advancing knowledge and pushing the boundaries of research across various disciplines. With a vision to cultivate a vibrant intellectual community, the center will serve as a hub for interdisciplinary research, collaboration, and innovation.

Mohanbir Sawhney Case Study Centre

Mohanbir Sawhney Case Study Centre aims to enhance the case ecosystem at Woxsen and globally by collaborating with faculty to create and distribute cases to prestigious publishers and universities such as Harvard Business Publishing, Ivey Publishing, and Yale University, while also promoting case development skills through seminars and competitions.

AI Research Centre

The AI Research Centre is dedicated to pioneering AI research and innovation to unlock its potential for industry and society. The distinguished team of researchers, faculty & students explores cutting-edge areas like machine learning, natural language processing, computer vision, robotics, and the emerging Metaverse, developing transformative AI solutions to address real-world challenges and drive progress across domains.
